Love can be heaven...or Hell.

FBI Psychics, Collection 1

The Unwanted

Destin's psychic gift for tracking down violent rapists is rough on relationships. Caleb was the only man who didn't think her a freak—and he walked away. But now her boss wants them to work a particularly horrendous case.

For Caleb, leaving was an act of self-preservation. Forced to work together one last time, he knows if he lowers his shields for an instant, there will be no resisting the temptation to lose himself in her wild power.

But to catch the rapist, it's exactly what he'll have to do.

The Innocent

Jay has journeyed to Hell, Georgia, to pick a bone with the sort-of boyfriend who abruptly severed their hot-and-heavy cyber link. But no touching. Her psychic abilities make physical contact...complicated.

She's not in Hell twenty minutes before bad vibes have her skin crawling.

With corruption rampant in his town, Linc has no time to nurse Jay's broken heart. Until he discovers the woman who's afraid to touch him could actually be his best chance. At salvation, at hope, at life. Maybe even love...

Warning: Contains tortured souls who have lost love and pined for their missing half, a woman who can see evil, a hot FBI agent, a not-so-naive virgin, a pissed-off former cop, lots of frustration, if you know what I mean, and more trouble than either of them know what to do with.
