Individuation and Narcissism: The psychology of self in Jung and Kohut (Routledge Mental Health Classic Editions) Mario Jacoby

Developments in Freudian psychoanalysis, particularly the work of Kohut and Winnicott, have led to a convergence with the Jungian position. In *Individuation and Narcissism* Mario Jacoby attempted to overcome the doctrinal differences between the different schools of depth psychology, while taking into account the characteristic approaches of each. Through a close examination of the actual experience of self, the process of individuation, narcissism and narcissistic personality disorder, Jacoby deftly demonstrated the benefits of a cross-fertilization of ideas and techniques for the professional analyst. This Classic Edition includes a new foreword by Kathrin Asper.
