Pathology of Domestic Animals: 2

The all-new Fourth Edition of **Pathology of Domestic Animals** comprehensively covers the biology and pathology of diseases of domestic animals on a systemic basis. Updated and expanded to reflect the current knowledge of the study of domestic animal diseases, this three-volume set appeals to veterinarians, veterinary students, trainee veterinary pathologists learning the scope of their field, and practicing pathologists confronted with diagnostic problems.

Improvements over the Third Edition:

- * All material completely updated and expanded to reflect the current knowledge of the study of diseases of domestic animals
- * Covers the biology and pathology of diseases of domestic animals on a global basis
- * Emphasizes the pattern of disease and the defense mechanisms of each organ system
- * Several new illustrations
