Sipping from the Nile: My Exodus from Egypt Jean Naggar

Born into a prominent, sophisticated Jewish family who spend time in Europe and live in the Middle East, author Jean Naggar's coming of age memoir tells the story of her protected youth in an exotic multicultural milieu. To Naggar her childhood seemed a magical time that would never come to an end. But in 1956, Egyptian President Nasser's nationalizing of the Suez Canal set in motion events that would change her life forever.

An enchanted way of life suddenly ended by multinational hostilities, her close-knit extended family is soon scattered far and wide. Naggar's own family moves to London where she finishes her schooling and is swept into adulthood and the challenge of new horizons in America. Speaking for a different wave of immigrants whose Sephardic origins highlight the American Jewish story through an unfamiliar lens, Naggar traces her personal journey through lost worlds and difficult transitions, exotic locales and strong family values. The story resonates for all in this poignant exploration of the innocence of childhood in a world breaking apart.
