## **L'Ile d'Ischia - Le paradis de la nature (French Edition)** Raffaele Castagna

De toutes les îles situées dans les environs de Naples, Ischia est non seulement la plus belle et la plus intéressante, mais aussi la plus grande. Vue du continent ou à une certaine distance en mer, l'aspect qu'elle offre est celui d'une pyramide s'élevant au milieu de l'azur des ondes, et dont la double cime, s'élançant dans les airs, forme le tableau le plus magnifique et le plus intéressant que l'on puisse voir. C'est principalement au sortir du canal de Procida, que cette île se présente dans toute sa beauté. Au nombre des lieux qu'on remarque à Ischia, la ville de ce nom, qui en est la capitale, et les bourgs de Lacco et de Forio sont situés sur le bord de la mer, tandis que Casamicciola, qui est sur la pente septentrionale de l'Épomée et Pansa sur la pente occidentale, où les Rois Aragonais venaient anciennement passer l'été, en sont à une certaine distance. Sur le vaste plan incliné et convexe que présente cette montagne du côté du sud, on observe les villages de Serrara, Fontana, Moropano, Barano et Testaccio, outre une foule d'autres petits hameaux, de chapelles et de maisons de campagne, dispersées sur toute l'étendue de l'Ile, dont la blancheur coupe agréablement la riante verdure qu'on y admire de toutes parts. La présente anthologie rassemble des textes de mémoires, de journaux, de carnets de route de voyageurs (Renan, Lamartine, Stendhal, Taine...) qui, de leur passage en Italie, ont visité aussi l'île d'Ischia et laissé trace imprimée de leurs multiples cheminements.
