What does it mean to be white?

When you encounter people from other races or ethnicities, you may become suddenly aware that being white means something. Those from other backgrounds may respond to you differently or suspiciously. You may feel ambivalence about your identity as a white person. Or you may feel frustrated when a friend of another ethnicity shakes his head and says, "You just don't get it because you're white."

- So, what does it mean to be white?
- How can you overcome the mistakes of the past?
- How can you build authentic relationships with people from other races and ethnicities?

In this groundbreaking book, Paula Harris and Doug Schaupp present a Christian model of what it means to be white. They wrestle through the history of how those in the majority have oppressed minority cultures, but they also show that whites also have a cultural and ethnic identity with its own distinctive traits and contributions. They demonstrate that white people have a key role to play in the work of racial reconciliation and the forging of a more just society.

Filled with real-life stories, life-transforming insights and practical guidance, this book is for you if you are aware of racial inequality but have wondered, *So what do I do?* Discover here a vision for just communities where whites can partner with and empower those of other ethnicities.
