David Busch's Point-and-Shoot Compact Field Guide (David Busch's Digital Photography Guides)

David D. Busch

David Busch's Point-and-Shoot Compact Field Guide will help you get the most from your basic digital camera, with clear, concise tips and techniques you can use with any compact model. This guide begins where most manuals end: You'll learn about all of your camera's functions and features--from file formats and resolution to aperture/priority exposure, autofocus, and more--and you'll understand how and when to use them. This book's seven information-packed chapters include a wealth of tables, charts, graphs, lists, and plenty of full-color illustrations to show the results you can expect by using the recommended settings. This portable, on-the-go reference cuts through the confusion and gives you the information you need when you need it, whether you're shooting around the house or in the field.
