## Alternative Dispute Resolution: A Developing World Perspective (Commonwealth Caribbean Law)

Albert Fiadjoe

This book highlights the tremendous shift in the traditional arrangements for the delivery of civil justice in the Commonwealth Caribbean, from litigation to alternative dispute resolution (ADR) processes. Over the last quarter of a century, much learning has taken place on the topic of ADR and the literature on the subject is now voluminous.

This book puts forward the thesis that the peculiar experiences of the developing world ought to help reshape our traditional notions of ADR. Furthermore, the impact of globalisation on the developing world has brought with it special and peculiar challenges to our notions of civil and criminal justice which are not replicated elsewhere. This book will appeal to a wide readership.

The legal profession, students of law and politics, social scientists, mediators, the police, state officers and the public at large will find its contents of interest.
