John J. Guzzardo

Dante: Numerological Studies (American University Studies) John J. Guzzardo

The importance of numerological thought for Dante is evident from the emphasis which he places upon numbers in his major works the *Vita nuova* and the *Commedia*. This book is concerned with the intimate relationship between numbers and the interpretive process. It examines numerological revelations in the *Vita nuova* and in the episodes of the noble castle, of Ulysses, and of Ugolino in the *Commedia*. The text is completed by a list of meanings for symbolic numbers in the Middle Ages taken from classical and patristic sources.
