Journey to Chernobyl: Encounters in a Radioactive Zone Glenn Cheney

Glenn Cheney arrived in Kiev during those first days when the Soviet Union ceased to exist and Ukraine was reborn. Almost immediately he found himself talking with scientist, journalist, refugees, engineers, top-level government officials, doctors, environmentalists, parents of sick children and people living just a few kilometers from the Chernobyl complex. He heard stories about the disaster that went far beyond what had appeared in the Western press. The reports of atrocities, epidemics, tyranny and despair blend with a most unusual travelogue, considerable humor and KGB intrigue.
