Amy Fusselman's first two books, *The Pharmacist's Mate* and *8*, weave surprising beauty out of diverse strands of personal reflection. Half memoir and half philosophical improvisation, each focuses loosely on a relationship with a man in the author's life: *The Pharmacist's Mate* with her recently deceased father, and *8* with "my pedophile" (as Fusselman painfully refers to her childhood assailant). Along the way, Fusselman covers sea shanties and artificial insemination, World War II and AC/DC, alternative healers and monster-truck videos. Fusselman's "wholly original epigrammatic style" (*Vogue*) "makes the world strange again, a place where dying and making life are equally mysterious and miraculous activities" (*Time Out New York*).
