Before she can build a future, she must dig up the bones of her past...

A *Hearts of the South* story.

After nearly twenty years, her career in possible ruins, homicide detective Madeline Holton returns to her hometown for a temporary stint working with the local sheriff's department. The demons of her teen years lie in wait, rising once more in the form of a cold case she must solve. And when it comes to a handsome farmer who's making good on her family's former land, she can't seem to keep her foot out of her mouth—or her hands off him.

Agricultural businessman Ash Hardison won't lie to himself—despite Madeline's obvious issues, he's more drawn to her than any woman he's ever known. He's already laid the ghosts of his past to rest, and he's determined to help Madeline purge hers. Whether she likes it or not.

Because he knows it's the only way they have a chance to forge a future together.
