Getting your sex life back on track!

Low libido is the most common sexual problem experienced by women. In fact every woman will experience low sexual desire at some time in her life, either in the short term (after the birth of a baby, during a stressful life period, when her relationship is rocky) or in the long term. When a woman's partner wants sex and she's no longer in the mood significant problems can occur in the relationship. Differing sex drives can lead couples down a path paved with frustration, resentment, misunderstanding and despair - a path that may lead to separation and divorce.

This book will be helpful for women who:

have lost of interest in sex

have a partner who wants more sex than they do and it's creating a strain on their relationship

would like to increase their level of sexual desire, sexual frequency and sexual pleasure

In this book you will learn:

how your sexual desire works

how to maximise your libido

how to increase your sexual enjoyment strategies that will help you to enjoy a regular, satisfying sex life with your partner
