Introduction to Maternity and Pediatric Nursing Gloria Leifer

Part of the popular LPN Threads series, Introduction to Maternity ; Pediatric Nursing provides a solid foundation in obstetrics and pediatric nursing. An easy-to-follow organization by developmental stages, discussion of disorders by body system from simple-to-complex and health-to-illness, and a focus on family health make it a complete guide to caring for maternity and pediatric patients. Written in a clear, concise style by Gloria Leifer, MA, RN, this edition reflects the current NCLEX test plan with additional material on safety, health promotion, nutrition, and related psychosocial care.

"... provides clinical information and insights in a concise, structured and informative way that encourages critical thinking." **Reviewed by** Kim Shrieves on behalf of Nursing Times, April 2015

- **Concise, yet comprehensive, content** is presented within the scope of practice for the LVN/LPN, but with sufficient depth to facilitate students in a ladder program allowing them to be successful with the ADN program requirements for the specialties.
- **Step-by-step procedure lists** throughout the text help you master important maternity and pediatric nursing processes with *Skills Performance Checklists available on the Evolve website*.
- **Nursing Care Plans with Critical Thinking Questions** reinforce the nursing process and strengthen problem-solving skills as applied to maternity nursing.
- **Logical organization** of content from simple-to-complex and health-to-illness makes locating and accessing information easy.
- **Key terms with phonetic pronunciations and text page references** help improve terminology and language skills of English-as-a-Second-Language (ESL) students and students with limited proficiency in English, before they enter clinical practice.
- **Health Promotion boxes** emphasize the importance of family-centered care, health promotion and illness prevention, women's health issues, and growth and development of child and parent to help you understand and teach wellness and disease prevention to patients in your care.
- **Nutrition content** highlights the importance of proper nutrition for women before, during, and after pregnancy (for those who are breastfeeding), as well as critical information about the nutrition needs and problems of newborns, infants, and children.
- **Nursing Tips** throughout provide pertinent information applicable in the clinical setting that reinforces what you have just learned while building on previously learned information.
- **NEW! Unfolding case studies** with illustrations follow first-time parents Tess and Luis throughout the stages of pregnancy and birth of their twins, with a series of critical thinking questions.
- **NEW! Updated NCLEX exam-style review questions** have been revised to a higher cognitive level to better reflect the NCLEX examination.
- **NEW! Expanded coverage of bioterrorism and natural disasters** better reflects the evolving role of the nurse in disaster situations.
- **NEW!** Enhanced appendix includes *Pediatric Lab Values* for quick and easy reference.

From reader reviews:

Guadalupe Eggleston:

What do you think about book? It is just for students as they are still students or that for all people in the world, exactly what the best subject for that? Simply you can be answered for that problem above. Every person has various personality and hobby for every other. Don't to be obligated someone or something that they don't would like do that. You must know how great in addition to important the book Introduction to Maternity and Pediatric Nursing. All type of book is it possible to see on many resources. You can look for the internet solutions or other social media.

Rita Lattimore:

Your reading 6th sense will not betray you, why because this Introduction to Maternity and Pediatric Nursing e-book written by well-known writer whose to say well how to make book which can be understand by anyone who all read the book. Written throughout good manner for you, dripping every ideas and writing skill only for eliminate your current hunger then you still doubt Introduction to Maternity and Pediatric Nursing as good book not simply by the cover but also with the content. This is one publication that can break don't assess book by its cover, so do you still needing an additional sixth sense to pick that!? Oh come on your reading sixth sense already alerted you so why you have to listening to another sixth sense.

Edward Trotta:

Are you kind of occupied person, only have 10 or 15 minute in your day to upgrading your mind expertise or thinking skill possibly analytical thinking? Then you have problem with the book compared to can satisfy your short space of time to read it because all of this time you only find e-book that need more time to be examine. Introduction to Maternity and Pediatric Nursing can be your answer given it can be read by you actually who have those short free time problems.

Joseph Johnson:

What is your hobby? Have you heard this question when you got scholars? We believe that that problem was given by teacher on their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person just like reading or as reading through become their hobby. You need to know that reading is very important along with book as to be the factor. Book is important thing to provide you knowledge, except your teacher or lecturer. You see good news or update concerning something by book. Different categories of books that can you choose to use be your object. One of them are these claims Introduction to Maternity and Pediatric Nursing.
