*WELCOME TO NOWHERE.*

Danny's dad takes a job as caretaker at a marina on the shore of a vast, frozen lake in Harvest Cove, a tiny town tucked away in Canada's Big Empty. If you're looking for somewhere to hide, this is it.

It's the worst winter in years. One night, running in the dark, Danny is attacked by a creature so strange and terrifying he tries to convince himself he was hallucinating. Then he learns about Native American legends of a monster that's haunted the lake for a thousand years. And that every generation, in the coldest winters, kids have disappeared into the night. People think they ran away.

Danny knows better. Because now the beast is after him.
