Otoñal (Spanish Edition) Luis Seguel Vorpahl

Luis Seguel Vorpahl nos invita a reflexionar cuando plantea que, a veces, «La peor mentira es decir toda la verdad». Así de descarnada es su novela *Otoñal*, una delicada historia de amor maduro, en donde resulta inevitable conjeturar un intertexto entre su Beatriz y la de Dante, ejemplo por antonomasia del amor cortesano. La novela fluye como un río, o más bien llega como las soberbias oleadas del mar, omnipresentes en toda la narración. Más aún, se percibe de manera patente que las fuerzas de la naturaleza acompañan el devenir de los acontecimientos y definen a los personajes: «El mundo es extraño en otoño, es una estación pobre, que invita al sollozo silencioso». Si bien la soledad y la melancolía son elementos fundamentales en la construcción de *Otoñal*, el autor se rehúsa a caer en la indulgencia: «Sé bien que la nostalgia es una falta de respeto al presente». De esta forma se crea un ambiente de introspección plagado de dudas e inseguridades, pero en donde la esperanza está siempre latente, esperando su turno.

Otoñal, ha sido la novela premiada con el Segundo Lugar en el Cuarto Concurso Literario Nacional Andrés Sabella, organizado por la Universidad Católica del Norte y la Academia Chilena de la Lengua, en la categoría Novela Corta.
