## **Understanding the Anatomy of Evil** William Nitardy

Are you helping expose evil or are you promoting evil? The book examines the anatomy of evil in the realm of ideological and philosophical beliefs. This includes politics, culture, religion, science and law. It attempts to answer many questions by giving the reader a better understanding of all aspects of evil including stealth evils that are not even on our radar. Although the author uses many scriptural verses to support the book's thesis, it does not simply rely on scripture, but relies on probability science and rationale to draw conclusions while showing consistency with and support of scripture. Although the author is convinced that the bible is the infallible Word of God and believes in biblical Christianity, he is very critical of denominational Christianity and other religions including pseudo-science and other religions that masquerade as secular entities. He believes that the rapid and virtually complete secularization of our society has only been possible because of the many false foundations that have been established and accepted as fact when they are completely false and destructive. Those false foundations justify and support many evils that have been and are being promoted in America. The book discusses the situation in which America finds itself where we are being destroyed and are near the point of no return. The book addresses the current political situation and the upcoming presidential election. The final chapter of the book is to encourage skeptics to believe the truth of the bible through rational evidence. Although this book should connect well with Christians, it is hoped that the rational approach taken would attract atheists, agnostics, and skeptics as well as pastors and religious leaders. Pastors and religious leaders are encouraged to teach the full council of God by relating scriptural principles to our evil culture and even go so far as to attack the false foundations that are making the gospel irrelevant or addressing the contami

#### **John Rowland:**

As a student exactly feel bored to be able to reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's soul or real their leisure activity. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading really. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Understanding the Anatomy of Evil can make you experience more interested to read.
