The Uncertain Web

Rob Larsen

The Uncertain Web Rob Larsen

What's the best way to develop for a Web gone wild? That's easy. Simply scrap the rules you've relied on all these years and embrace uncertainty as a core tenet of design. In this practical book, veteran developer Rob Larsen outlines the principles out what he calls The Uncertain Web, and shows you techniques necessary to successfully make the transition.

By combining web standards, progressive enhancement, an iterative approach to design and development, and a desire to question the status quo, your team can create sites and applications that will perform well in a wide range of present and future devices. This guide points the way.

Topics include:

- Navigating thousands of browser/device/OS combinations
- Focusing on optimal, not absolute solutions
- Feature detection, Modernizr, and polyfills
- RWD, mobile first, and progressive enhancement
- UIs that work with multiple user input modes
- Image optimization, SVG, and server-side options
- The horribly complex world of web video
- The Web we want to see in the future

From reader reviews:

Ana Lopez:

Book is usually written, printed, or highlighted for everything. You can learn everything you want by a publication. Book has a different type. To be sure that book is important factor to bring us around the world. Alongside that you can your reading proficiency was fluently. A book The Uncertain Web will make you to end up being smarter. You can feel far more confidence if you can know about every thing. But some of you think this open or reading the book make you bored. It is far from make you fun. Why they are often thought like that? Have you seeking best book or suitable book with you?

Mary Torres:

What do you think about book? It is just for students since they're still students or the idea for all people in the world, what the best subject for that? Just simply you can be answered for that problem above. Every person has diverse personality and hobby per other. Don't to be pushed someone or something that they don't wish do that. You must know how great as well as important the book The Uncertain Web. All type of book would you see on many options. You can look for the internet methods or other social media.

Alexandra Sauer:

This book untitled The Uncertain Web to be one of several books which best seller in this year, honestly, that is because when you read this e-book you can get a lot of benefit in it. You will easily to buy this book in the book store or you can order it by way of online. The publisher in this book sells the e-book too. It makes you more readily to read this book, as you can read this book in your Touch screen phone. So there is no reason to you to past this reserve from your list.

Kenneth Cunningham:

The reason why? Because this The Uncertain Web is an unordinary book that the inside of the publication waiting for you to snap that but latter it will surprise you with the secret the item inside. Reading this book beside it was fantastic author who write the book in such wonderful way makes the content within easier to understand, entertaining technique but still convey the meaning totally. So , it is good for you for not hesitating having this nowadays or you going to regret it. This book will give you a lot of rewards than the other book have got such as help improving your expertise and your critical thinking way. So , still want to hesitate having that book? If I have been you I will go to the guide store hurriedly.
