**A deeper understanding of the occult aspects of 9/11 and the Kennedy assassination**

The year is 2013, the 50th anniversary of the JFK assassination, and Kent discovers that he and the rest of the unwitting citizenry of Tupelo, Mississippi, are enmeshed in a year-long series of scripted events meticulously planned and brilliantly executed by some of the most ruthless, diabolically creative, powerful psychopaths on the planet. From a critical look at the suspicion-arousing Boston bombings to new revelations about the Kennedy assassination and the Zapruder film, the author weaves tantalizing insights into a range of historical events that help the reader better understand the breadth and depth of the villainy with which Kent is faced.
