Complex Anorectal Disorders Steven D. Wexner, Andrew P. Zbar, Mario Pescatori

This book draws together preclinical assessment and clinical recommendations for complex anorectal disorders to create an integrated book. This practical guide looks at complex pathophysiologic conditions; pediatric patients; new procedures after artificial sphincter implantation; basic and complex psychological assessment; new radiologic approaches to patients with complex problems; and the post-operative patient with functional disorders. It uniquely includes 3-D ultrasound, transperineal ultrasonography and dynamic MRI not found in other texts on anorectal disorders. A useful reference manual for healthcare professionals with an interest in fecal incontinence - colorectal trainees, colorectal nurse specialists, those involved in coloproctology imaging. The book will also assist the clinical physiologist and biofeedback technologist, highlighting standardized treatments and their follow-up. The specialties of proctology, gynecology and urology are brought together in one text.
