Written specifically for GCSE students by academics in the field, the Methuen Drama GCSE Student Guides conveniently gather indispensable resources and tips for successful understanding and writing all in one place, preparing students to approach their exams with confidence.

Key features include a critical commentary of the play with extensive, clearly labelled analyses on themes, characters and context. They take studying drama even further with sections on dramatic technique, critical reception, related works, fascinating behind-the-scenes interviews with playwrights, directors or actors, and a helpful glossary of dramatic terms.

Dennis Kelly's play *DNA* centres on friendship, morality and responsibility in odd circumstances. When a group of young friends are faced with a terrible accident, they deliberately make the wrong choices to cover it up and find themselves in an unusually binding friendship where no one will own up to what they've done.

Closely following the requirements of GCSE English Literature assessment objectives, these studies include expert advice on how to write about modern drama. With featured activities for group study and independent work, they are versatile and valuable to students and teachers alike.
