The Turin Shroud is the most important and studied relic in the world. Many papers on it have recently appeared in important scientific journals. Scientific studies on the relic until today fail to provide conclusive answers about the identity of the enveloped man and the dynamics regarding the image formation impressed therein. This book not only addresses these issues in a scientific and objective manner but also leads the reader through new search paths. It summarizes the results in a simple manner for the reader to comprehend easily. Many books on the theme have been already published, but none of them contains such a quantity of scientific news and reports. The most important of them is the following: the result of the 1988 radiocarbon dating is statistically wrong and other three new dating methods demonstrate that the Shroud has an age compatible with the epoch in which Jesus Christ lived in Palestine. A numismatic analysis performed on Byzantine gold coins confirms this result. This book is, therefore, very important with respect to the Turin Shroud. It is unique in its genre and a very useful tool for those who want to study the subject deeply.
