**The Temporality of Political Obligation (Routledge Innovations in Political Theory)** Justin Chandler Mueller

*The Temporality of Political Obligation* offers a critique and reconceptualization of the ways in which our political obligations – what we owe to political authorities and communities, and the reasons why we ought to obey their rules – have been traditionally conceptualized, justified, and contested.

Drawing from theories of time and temporality, Justin Mueller demonstrates some of the unacknowledged assumptions and theoretical blind spots shared among these ostensibly opposed positions, and the problems and contradictions that this neglect of time poses. Enriching the literature on the philosophers Henri Bergson and Gilles Deleuze, Mueller demonstrates how their theoretical frameworks on time can be used to analyze a political problem that is usually confined to the concerns of normative liberal democratic theory. Politically, this book provides readers with the means to better identify and analyze the diverse temporalities they encounter in everyday life, and better understand their experiences of them.

A welcomed and timely read which will be of interest to scholars involved in recent efforts to engage with the social and political dimensions and consequences of time and temporality.
