Loomis's Essentials of Toxicology

Ted A. Loomis, A. Wallace Hayes

Loomis's Essentials of Toxicology Ted A. Loomis, A. Wallace Hayes

Loomis's Essentials of Toxicology is an introductory text on the science of harmful biologic effects associated with exposures to chemicals of all types. The scope of this book includes a discussion of the major types of chemicals involved; the general properties of chemicals and biologic systems as they influence the occurrence of detrimental biologic effects; the methods used to demonstrate these effects; and the basis for clinical diagnosis and therapy of harmful effects of chemicals on humans. Individual examples are used to demonstrate each of the principles under discussion.

This text is an invaluable resource for toxicologists as well as a comprehensive introduction to the topic for graduate and advanced undergraduate students in toxicology and public health.

Key Features

- * The "classic textbook" in toxicology
- * Completely revised and updated
- * Includes both principles and methods
- * Requires minimal background in chemistry and biology

From reader reviews:

Lynn Gowen:

Book is written, printed, or descriptive for everything. You can learn everything you want by a guide. Book has a different type. To be sure that book is important issue to bring us around the world. Close to that you can your reading expertise was fluently. A publication Loomis's Essentials of Toxicology will make you to always be smarter. You can feel far more confidence if you can know about anything. But some of you think in which open or reading a new book make you bored. It is not make you fun. Why they may be thought like that? Have you trying to find best book or ideal book with you?

Cassandra Sanderson:

Playing with family within a park, coming to see the sea world or hanging out with pals is thing that usually you might have done when you have spare time, and then why you don't try issue that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Loomis's Essentials of Toxicology, you are able to enjoy both. It is great combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout guys. What? Still don't buy it, oh come on its named reading friends.

Peter Delaune:

Reading a book to become new life style in this 12 months; every people loves to study a book. When you examine a book you can get a lot of benefit. When you read guides, you can improve your knowledge, since book has a lot of information on it. The information that you will get depend on what kinds of book that you have read. In order to get information about your research, you can read education books, but if you want to entertain yourself you can read a fiction books, this kind of us novel, comics, and soon. The Loomis's Essentials of Toxicology offer you a new experience in reading through a book.

Erin Wright:

What is your hobby? Have you heard in which question when you got scholars? We believe that that query was given by teacher with their students. Many kinds of hobby, Every person has different hobby. And also you know that little person similar to reading or as looking at become their hobby. You should know that reading is very important and book as to be the matter. Book is important thing to include you knowledge, except your own teacher or lecturer. You will find good news or update about something by book. Many kinds of books that can you decide to try be your object. One of them is Loomis's Essentials of Toxicology.
