Is California beyond repair? A sizable number of Golden State citizens have concluded that it is. Incessant budget crises plus a government paralyzed by partisan gridlock have led to demands for reform, even a constitutional convention. But what, exactly, is wrong and how can we fix it? In *California Crackup*, Joe Mathews and Mark Paul provide clear and informed answers. Their fast-paced and often humorous narrative deftly exposes the constitutional origins of our current political and economic problems and furnishes a uniquely California fix: innovative solutions that allow Californians to debate their choices, settle on the best ones, hold elected officials accountable for results, and choose anew if something doesn't work.
