**Healing the Soul Wound: Counseling with American Indians and Other Native People (Multicultural Foundations of Psychology and Counseling Series)** Eduardo Duran

Eduardo Duran—a psychologist working in Indian country—draws on his own clinical experience to provide guidance to counselors working with Native Peoples. Translating theory into actual day-to-day practice, Duran presents case materials that illustrate effective intervention strategies for prevalent problems, including substance abuse, intergenerational trauma, and internalized oppression. Offering a culture-specific approach that has profound implications for all counseling and therapy, this groundbreaking volume:

- Provides invaluable concepts and strategies that can be applied directly to practice.
- Outlines very different ways of serving American Indian clients, translating Western metaphor into Indigenous ideas that make sense to Native People.
- Presents a model in which patients have a relationship with the problems they are having, whether these are physical, mental, or spiritual.
- Includes a section in each chapter to help non-American Indian counselors generalize the concepts presented to use in their own practice in culturally sensitive ways.

*“Healing the Soul Wound* is the most innovative and thought-provoking scholarship that I’ve read in a long time. . . . Taken seriously and applied, it represents a paradigm shift that will transform theory and practice.”  
—From the Foreword by **Allen E. Ivey**, Distinguished University Professor (Emeritus)

**Eduardo Duran** is the Director of Health and Wellness for the United Auburn Indian Community, Northern California.
