Vera Portocarrero

Filosofia, história e sociologia das ciências I: abordagens contemporâneas (Portuguese Edition) Vera Portocarrero

Coletânea preciosa não somente para os especialistas, mas para todo aquele que pretende se iniciar na pesquisa e se interrogar sobre a natureza da ciência, seus desafios e seus problemas fundamentais. A obra reúne diversos especialistas do Brasil e da França na busca de contemplar as "diversas vertentes de pensamento que constituem a fundamentação do atual debate sobre as ciências", em artigos que questionam as relações das ciências, das técnicas e da sociedade, não de um ponto de vista estritamente "positivista" ou "dogmático", mas com enfoque histórico-crítico. E mais: são respeitadas as diferentes perspectivas dos autores, mesmo as conflitantes, por considerar esta ótica não uma contradição, mas uma riqueza a ser oferecida aos leitores.
