## **Quality Standards, Value Chains, and International Development: Economic and Political Theory**

Johan Swinnen, Koen Deconinck, Thijs Vandemoortele, Anneleen Vandeplas

Over the past decades, the world has witnessed an unprecedented growth in global value chains, propelled by increasingly demanding quality standards. These trends lead to concerns about the impact of value chains on development and poverty and about the possible protectionist nature of quality standards in rich countries. This book offers the first integrated theoretical analysis of the economic and political factors which determine the level of quality standards, as well as their economic effects along the value chain. Using realistic assumptions motivated by empirical research, the theoretical framework in this book makes it possible to study the efficiency effects as well as the distributional consequences of one of the most striking evolutions affecting global trade and development today.

### **From reader reviews:**

#### **Edward Salazar:**

Spent a free time for you to be fun activity to do! A lot of people spent their free time with their family, or their very own friends. Usually they carrying out activity like watching television, gonna beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Do you want to something different to fill your personal free time/ holiday? Could possibly be reading a book can be option to fill your free of charge time/ holiday. The first thing you ask may be what kinds of reserve that you should read. If you want to try look for book, may be the guide untitled Quality Standards, Value Chains, and International Development: Economic and Political Theory can be excellent book to read. May be it could be best activity to you.

#### **James Rohrbach:**

Playing with family in a park, coming to see the ocean world or hanging out with close friends is thing that usually you may have done when you have spare time, in that case why you don't try point that really opposite from that. A single activity that make you not feeling tired but still relaxing, trilling like on roller coaster you are ride on and with addition details. Even you love Quality Standards, Value Chains, and International Development: Economic and Political Theory, it is possible to enjoy both. It is good combination right, you still wish to miss it? What kind of hang type is it? Oh can occur its mind hangout fellas. What? Still don't understand it, oh come on its identified as reading friends.

#### **Carlton Wood:**

Your reading 6th sense will not betray an individual, why because this Quality Standards, Value Chains, and International Development: Economic and Political Theory publication written by well-known writer whose to say well how to make book that could be understand by anyone who have read the book. Written with good manner for you, still dripping wet every ideas and creating skill only for eliminate your current hunger then you still hesitation Quality Standards, Value Chains, and International Development: Economic and Political Theory as good book not merely by the cover but also through the content. This is one e-book that can break don't assess book by its handle, so do you still needing an additional sixth sense to pick this specific! Oh come on your reading through sixth sense already told you so why you have to listening to one more sixth sense.

#### **Corey Cook:**

As a university student exactly feel bored to be able to reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that reading through is not important, boring

along with can't see colorful images on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Quality Standards, Value Chains, and International Development: Economic and Political Theory can make you feel more interested to read.
