David Macfarlane

The Danger Tree: Memory, War and the Search for a Family's Past David Macfarlane

Emulating the circuitous tales told by his mother's relatives, the Goodyears of Newfoundland, David Macfarlane has crafted a masterpiece of history and memory that will remain indelibly in the minds of its readers. Macfarlane weaves the major events of Newfoundland's twentieth century—the ravages of tuberculosis; the great seal-hunt disaster; the bitter debate over whether to become part of Canada; and above all, the First World War—into a saga of the ill-starred yet heroic fortunes of his family, who were rarely in control of events but often at the center of them. With deep affection, he brings to life a multigenerational cast of characters who are as colorful as only Newfoundlanders can be—heroes and charlatans, pirates and dreamers, whose humanity manages to illuminate and enrich our own.
