The Struggle for Equality: Essays on Sectional Conflict, the Civil War, and the Long Reconstruction

This collection of essays, organized around the theme of the struggle for equality in the United States during the nineteenth and twentieth centuries, also serves to honor the renowned Civil War historian James McPherson. Complete with a brief interview with the celebrated scholar, this volume reflects the best aspects of McPherson's work, while casting new light on the struggle that has served as the animating force of his lifetime of scholarship. With a chronological span from the 1830s to the 1960s, the contributions bear witness to the continuing vigor of the argument over equality.
