Caribou (Animals That Live in the Tundra) Roman Patrick

Caribou are tundra animals that have long held a special place in cultures around the world. Known as reindeer when raised by people, caribou are distinctive for their elaborate antlers and camouflage coats. Readers will follow these hoofed animals as they travel thousands of miles each year searching for food to survive the cold, snowy tundra of the Arctic. Additional tidbits are shared through fact boxes, which are a great source for report writing and essays.
