LAS IMAGENES DEL CAMBIO DEMOCRATICO (OTRAS EUTOPIAS) (Spanish Edition)

MANUEL PALACIO

Este libro nace con la intención de contribuir a los debates contemporáneos sobre la Transición española desde la ingente perspectiva de su intersección con los estudios sobre el audiovisual.

En este sentido, debemos en primer lugar destacar que es una continuación del trabajo realizado en una publicación previa, *El cine y la transición política en España (1975-1982)*, editado por Biblioteca Nueva en 2011. Este segundo volumen se centra en perspectivas menos transitadas por el momento, como son el fundamental papel jugado por la televisión en la configuración de una nueva sociedad democrática, la manera en la que la Transición ha sido representada en el marco de los debates actuales sobre la memoria, los aspectos silenciados y no tratados por el audiovisual de la época y, por último, establecer un marco comparativo por otras experiencias transicionales en América Latina, la Europa del Este y los países árabes posteriores al proceso español.
