Adobe After Effects CS3 Professional Studio Techniques Mark Christiansen

This is the only book in the After Effects market to focus exclusively on the creation of visual effects, and is a one-stop resource for anyone who wants in-depth explanations that demystify the realm of visual effects and how they were created, thanks to veteran author Mark Christiansen's friendly and accessible style. A thoroughly packed, informative read, this masterful guide focuses on explaining the essential concepts, features, and techniques that are key to creating seamless movie-quality visual effects. Readers will learn how to put After Effects to work to create the shots they need. Users who are comfortable with After Effects will find a helpful review of After Effects fundamentals--managing footage, viewing and editing layers, animating type, and more--so they can learn how to work smarter and more efficiently. Readers of all levels will learn core techniques for effects compositing: color matching, keying, rotoscoping, motion tracking, and emulating the camera. The final section of the book delves into creative explorations, demonstrating actual effects that readers might want to re-create. Readers will also find comprehensive coverage of all that's new in this upgrade. Throughout the book, beautiful full-color examples demonstrate what's possible, while the companion DVD offers plenty of sample footage and dozens of demos of the most useful After Effects plugins. .
