Gregg Braden

La verdad profunda (Spanish Edition) Gregg Braden

Los asuntos mas candentes a escala global, como las guerras, el terrorismo, el genocidio, la pena de muerte, la pobreza, la crisis economica y el riesgo nuclear tienen algo en comun: todos ellos provienen de ciertas suposiciones y concepciones basadas en un modelo cientifico ya desfasado. Pero nuevos descubrimientos sugieren que la teoria de la evolucion no es suficiente para explicar nuestra existencia, que llevamos en la Tierra mas tiempo de lo que reconoce la historia convencional, que estamos programados para la paz y no para la guerra , que nos encontramos en un momento crucial de nuestra existencia, y que somos mucho mas de lo que pensamos. Con esta nueva perspectiva, avalada por rigurosas investigaciones cientificas, la vision que tenemos del mundo y de nosotros mismos cambia radicalmente de forma espontanea, y, a consecuencia de ello, las soluciones a los problemas creados por el viejo paradigma de pensamiento se hacen evidentes. / Best-selling author and visionary scientist Gregg Braden suggests that the hottest topics that divide us as families, cultures, and nations -seemingly disparate issues such as war, terrorism, abortion, genocide, poverty, economic collapse, climate change, and nuclear threats- are actually related. They all stem from a worldview based upon the false assumptions of an incomplete science.
