Medical Terminology Online courseware for key Elsevier Health Sciences titles provides many more learning opportunities beyond those in the texts. A range of visual and auditory elements and interactivities are included to emphasize and reinforce text content, synthesize concepts, and demonstrate the practical applications of medical language. The program is available for use in WebCT or Blackboard course management systems, or it can be provided as generic web-ready assets for use in another e-learning platform. Students may log on to complete lessons, review course content, and take quizzes and exams online with results recorded for the instructor. It's ideal for self-study, as a supplement to lecture-format classes, or as a distance learning course via the internet!

Notice to Customer

This is an instructor-led tool, and can only be accessed once an instructor establishes a course instance. Customers who order this online product will receive a booklet that contains the access code to the course in 5 to 7 business days.
