The Killing Game

Gary Webb

The Killing Game Gary Webb

Gary Webb had an inborn journalistic tendency to track down corruption and expose it. For over thirty-four years, he wrote stories about corruption from county, state, and federal levels. He had an almost magnetic effect to these kinds of stories, and it was almost as if the stories found him. It was his gift, and, ultimately, it was his downfall.

He was best known for his story *Dark Alliance*, written for the *San Jose Mercury News* in 1996. In it Webb linked the CIA to the crack-cocaine epidemic in Los Angeles during the Iran Contra scandal. His only published book, *Dark Alliance* is still a classic of contemporary journalism. But his life consisted of much more than this one story, and *The Killing Game* is a collection of his best investigative stories from his beginning at the *Kentucky Post* to his end at the *Sacramento News & Review*. It includes Webb's series at the *Kentucky Post* on organized crime in the coal industry, at the *Cleveland Plain Dealer* on Ohio State's negligent medical board, and on the US military's funding of first-person shooter video games. *The Killing Game* is a dedication to his life's work outside of *Dark Alliance*, and it's an exhibition of investigative journalism in its truest form.
